

THE HOLD SHORT

A 21MAR - 27MAR

THIS ONE DOESN'T JUST FLY... IT MOVES: T182T

We've added something new to the line, and it's a good one!

Our T182T is officially in service, bringing a great mix of performance, capability, and real-world utility to your training. If you're working toward advanced ratings, this is an aircraft you should absolutely be getting into.

The T182T is a high-performance aircraft, which means it's the perfect opportunity to earn your high-performance endorsement while building time in something that better reflects what you may fly beyond training. It climbs stronger, cruises faster, and introduces systems and power management considerations that will sharpen your skills and decision-making.

This isn't just about checking a box, either. Flying an aircraft like the T182T helps bridge the gap between training and real-world flying. It pushes you to think ahead, stay organized, and manage energy more intentionally, skills that matter at every level of aviation.

And once you're comfortable? This is a great airplane to take on a trip. Whether it's a longer cross-country, a weekend getaway, or just stretching your legs beyond the local area, the T182T gives you the capability to go farther, faster, and more efficiently.

If you're interested, connect with your CFI or stop by the office to talk through checkout requirements, endorsement details, and trip planning. This is a great next step in your training, don't let it sit on the ramp.

REMINDERS FOR THE UPCOMING WEEK

- **Dont forget to tell us where you are heading!** Any XC flight, please add your destination to the comments in the booking.
- In the event of cancellation, call the office or email us asap. Messages and emails are monitored even after hours.
- Come to the Monday night study groups! Private Pilot is the 1st and 3rd Monday of the month, 6pm-8pm. Advanced rating/certificate study groups will be the 2nd and 4th Monday of the month, same time.
- Runway 8/26 at KRNO is closed 3/2-5/1.
- Taxiway signage and names will change on July 9th. There is a map in the GBA if you want to check it out and get familiar with it prior to the change.
