## REMINDERS FOR THE UPCOMING WEEK

- Be smart about the smoke! It is not just visibility, but remember, you are sucking it in while you are up there flying. Don't forget the human factor side of flying in smokey conditions.
- If you are rated for the aircraft you are flying, a friendly reminder that you do need a renter's policy. We will not be dispatching unless it is on file. **This includes safety pilots.**
- Please remember to call the office or email if you need to cancel or adjust your reservation. Staff takes random days off so do not reach out to them directly. Thank you!
